

# Self-Management Programs available to YOU

*Feel empowered in your health care journey!*

Self-management programs provide you with workshops and skills to help you confidently manage your health condition, improve your quality of life, prevent burnout and reduce stress while providing care for yourself or a loved one.

Program topics include:

- Caregiving
- Chronic Pain
- Chronic Disease
- Diabetes
- Eating Behaviours
- Healthcare Appointments
- Mindfulness
- Sleep
- Stress Management
- Wellbeing

Programming is free and available for anyone 18 years and older.

Workshops available for healthcare providers as well that promote working in partnership with patients and caregivers to achieve better health outcomes.
