

Thames Valley Family Health Team

Application for Membership Director/Community Committee Member

The Thames Valley Family Health Team (TVFHT) is governed by a knowledge-based Board of Directors comprised of 11 Directors. The composition of the Board shall be as follows: A minimum of five (5) Directors shall be primary care providers (specifically Physicians and/or Nurse Practitioners) and Six (6) Directors shall be elected by the Board of Directors of the Corporation ensuring a mix of appropriate skills, representation from across the area served and diverse representation to reflect the diversity of the communities the corporation serves. The Board's composition should reflect a blend of expertise, experience, external contacts and personal characteristics that, assembled together as a team, advance the mission, vision and principles of the organization.

The Board of Directors of the TVFHT has also determined that the participation of Community Committee Members participating on board committees is beneficial to obtain a broad range of perspectives, to provide additional expertise and to identify and assess individuals' interest and aptitude to be Directors in the future.

A knowledge-based Board focuses on recruiting individuals with the skills, competencies, and experience that are needed to move the organization toward achievement of its mission.

Thames Valley Family Health Team (TVFHT) Board of Directors Skills and Knowledge Matrix

Every organization operates within a unique context, which is defined by its legal structure and its current situation, aspirations and priorities. The structure and composition of its board should reflect this context and the board's role and responsibilities.

The Thames Valley Family Health Team (the Board) is proactive in defining the needed skills of the Board and its Directors, and in communicating those needs to members for consideration in the nomination and election process. The Board uses a Board Skills & Knowledge Matrix to assist in defining the optimal characteristics of the Board. It is understood that Directors do not require proficiency in all skills listed. The Board Skills & Knowledge Matrix is a working document that is regularly reviewed and tailored to the unique circumstances and requirements of the current and future environment through the below noted categories:

- **Skills and Experience:** Directors, as a group, should possess a combination of current skills and experience, developed through external positions and involvements, which are relevant to the TVFHT strategic goals and the Board's oversight responsibilities. The specific skills and experience sought may change from time to time in keeping with changes to the TVFHT internal and external opportunities or challenges.
- **Personal Attributes:** All directors should be committed to the TVFHT vision, mission and values, and principles, and possess certain personal attributes to help them be effective directors.
- **Diversity:** Directors should bring diverse backgrounds and contribute a broad range of perspectives and experiences to the Board's discussions and decisions.
- **Board Leadership Succession:** It is important that the Board include some directors who have the necessary skills, experience and desire to fill key leadership positions on the Board including the Board Chair, Vice Chair(s) and Committee Chairs.

A four-point assessment scale (**None, Basic, Intermediate, Advanced**) has been developed to support completion of the Matrix.

- Advanced (3): formal certification, degree, or demonstrated understanding/ knowledge (10+ years)
- Intermediate (2): above average understanding/ knowledge (5 - 10 years)
- Basic (1): general or modest understanding/ knowledge.
- None (0): no understand/knowledge
